I don't know much about golden butterflies

have a few places they always visit
known as the butterfly pathway
If we wait there, we'll definitely see butterflies fly by

Ah...

smile...

Looks like it's not that easy to see a golden butterfly.

!

Master smiled...!!

?

I got to see something...

even more beautiful than the golden butterfly!

Master and Mel-chan...

so you two were here.

I brought some tea~

Oh? Playing a new game?

Looks fun!

So it was just an ordinary butterfly...

what a shame...

Yeah...

I must have been mistaken earlier...
It's a fairy tale after all...
how could there be a golden butterfly...
Master, I think Mel-chan saw the real golden butterfly.
Don't you think so too?
nods
And that golden butterfly...
must have took winter along with it to a faraway place.

A new season brings along a little happiness...

See you next time
